## HISTORY

Canopy Children's Solutions was established in 1912 in Meridian, Mississippi, as Mississippi Children's Home Society. The mission of the organization was to place children in need into the care of permanent, loving homes. Throughout its 104-year history, more than 7,000 children have been adopted into forever homes.

During the last century, Canopy evolved to pioneer solutions to meet the changing and emerging needs of society. By identifying and working passionately toward a positive resolutions for these issues, Canopy has in-turn served more than 650,000 children and families in Mississippi.

Today, Canopy is the state's most comprehensive provider of behavioral health, education, and social service solutions. The Canopy network includes 20 locations throughout Mississippi capable of serving children and families in all 82 counties. Its program offerings include autism solutions, child crisis solutions, intensive psychiatric care, educational solutions, family permanency (including adoption and foster care), and behavioral health solutions. Canopy directly serves upwards of 3,000 children and families each year. Families come to Canopy looking for solutions, what they receive is life-altering transformation.
