How to Make a Pinwheel

SUPPLIES:

- Copy paper or construction paper
- Pencil with eraser, unsharpened
- Straight pin with ball top
- Scissors
- Ruler
- Pencil

STEPS:

1. Gather supplies
2. Cut a 6" x 6" square out of copy or construction paper
3. Use a pencil and ruler to draw two diagonal lines (corner-to-corner) that cross in the center.
4. Mark the center point on the lines and mark points 2.75" from each corner on the diagonal lines
5. Cut along the diagonal line from each corner to the marked point
6. Punch a hole in the center and at every other point (about 0.25" from the edge) with the straight pin
7. Poke the pin through one of the corner point holes and curl the point toward the center
8. Repeat step 7 with all corner point holes
9. Push the pin through the center hole of the pinwheel
10. Push the pin into the side of the eraser

Let it whirl!
